Robert Ogilvie Elementary

Framework for Enhancing Student Learning 2021/2022

Framework: Compiled by Karen Gonzales (Principal) and Denise Bragg (Vice-Principal)

Inspired by Robert Ogilvie staff, students and school community and developed through PATH and Spiral of Inquiry processes Fall 2021

MISSION STATEMENT: At Robert Ogilvie Elementary we are creating a community of respectful, responsible, lifelong learners.

SCHOOL CONTEXT: Robert Ogilvie is a vibrant and caring school community (K - Grade 6) located in Northeastern British Columbia. Robert Ogilvie has a present population of 213 students (November 2021) and a diverse and notably transient demographic including a 35 percent indigenous population and 15 percent English Language Learners. Robert Ogilvie has a full teaching and support staff (Educational Assistants, Indigenous Youth Care Worker and SEL/Wellness Support Worker) complement which includes a principal, vice-principal, learning assistance/ELL ELL teacher and librarian. In our second year of a significant decrease in student population and a return of students from home learning, we are noticing more stability in our school atmosphere. We have all worked hard to adjust to this transition with our steadfast "Royal" spirit while maintaining the strength, resilience and pride of our school community.

STRENGTHS & CELEBRATIONS: Robert Ogilvie has a strong sense of community and teamwork throughout our staff, student, and parent groups. This community is supported by frequent and ongoing communication. A particular strength within the staff is a willingness to collaborate. This is made evident by the frequency of co-teaching, collaboration groups, and support teachers in our building, while facing the challenge of planning changes due to staff and student absenteeism and availability of TTOC and EA replacements. Staff at RO are consistently displaying a growth mindset which encourages students to be resilient.

COMMUNICATION PLAN:

- Weekly Parent "Week Ahead"
- Monthly Newsletter Update on one goal area each month
- Website
- Facebook page
- Monthly PAC meetings
- Open door policy

Now	 We noticed: Need for a focus on resilience and problem solving (vulnerable students, behaviour referrals, SR results etc) Some students are disconnected/feel isolated, consider data on vulnerable and indigenous students Lack of awareness of social emotional needs and self regulation strategies, K- 3
Dream	 Warm, welcoming, inclusive community Every child has a voice and is heard Students have strategies for coping and thriving Positive self-worth Growth mindset

- Celebrating cultural differences
- Emotional intelligence
- Consistent attendance
- Students who can self-advocate
- Increased sense of belonging
- Students feel safe and loved
